**Re: *In the Matter of Applications of Comcast Corporation, General Electric Company and NBC Universal, Inc. for Consent to Assign Licenses or Transfer Control of Licenses,***  
**MB Docket No. 10-56**

Dear Ms. Dortch:

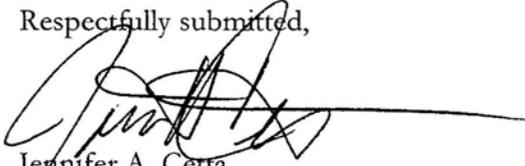

On Monday, December 13, 2010, Stanley Washington of the National Coalition of African American Owned Media (“NCAAOM”) and the undersigned met with Commissioner Mignon Clyburn, David Grimaldi, Angela Kronenberg and Louis Peraertz, to discuss the application referenced above and the need for the Commission to impose conditions on the merger of Comcast Corp. (“Comcast”) and NBC Universal, Inc. (“NBC-U”) if the Commission approves the Merger. In particular, NCAAOM discussed why the Applicants’ voluntary commitment to add 10 independently owned and operated channels during the next eight years is inadequate to address the merger-specific harm that combining Comcast, the nation’s primary multichannel video programming distributor, with NBC-U, the leading content provider, will cause to NCAAOM.

NCAAOM reiterated its proposal that the Commission adopt a 10 percent set aside (at least 25 channels) to be programmed by independently owned African American companies. A voluntary commitment to add 10 independently owned and operated channels is inadequate considering that African Americans constitute more than 40 percent of Comcast’s revenue and subscribers in urban centers, even if Comcast will initially only carry 500-600 channels on its digital cable systems.
